

PLEDGE OF SUPPORT

**Safe acquisition of *Wallum Heathland*
15 Torakina Road, Brunswick Heads NSW 2483**

Target: \$35m in currency funds, Biodiversity Credits and Buy-Back

Help us buy-back our precious heathland to preserve it for future generations?

We are seeking donors to help us buy threatened areas of high cultural and ecological value in our region.

Australia's natural heritage is being swallowed up, piece by piece. Government after government stands by while Indigenous cultural sites are destroyed, irreplaceable habitats are bulldozed, wildlife is driven to extinction, rivers sucked dry and native forests felled.

We don't believe it has to be this way. Our dream is to save our precious wild lands and Indigenous culture and we're asking for your help.

Our first target is to buy the precious coastal heathland, Wallum, in Brunswick Heads, one of the last remaining habitats of its kind, and home to 24 endangered species.

Despite impassioned protest by our local community, Wallum is slated for a housing development. Unless we act now, this sensitive habitat will be permanently entombed in concrete and will be lost forever.

We have a strategy to save Wallum for future generations, to keep it as a community asset and we are asking for your help to buy it. Its successful purchase would help protect many endangered species, including Byron Shire's last remaining group of Glossy Black Cockatoos.

Help us realise our bold vision. Together as Earth's custodians we will stand up for Wallum's precious wildlife and preserve it for all of us and for the sake of life on earth.

Community Land Acquisition Initiative (CLAI) harnesses the power of biodiversity and carbon credit instruments, alongside generous community pledges, to acquire and protect environmentally sensitive areas.

Your contributions, whether money, or in the form of biodiversity and carbon credits, serve as the cornerstone of our mission.
