

The Future of Wallum is in our hands

The property will be purchased by Community Land Acquisition Initiative (CLAI) a company Limited by Guarantee, a Registered Charity with Australian Charities and Not-for-profits Commission.

The land will never be sold and will be held in a Land Conservation Trust, managed for environmental and cultural values by suitably qualified ecological and First Nations advisory groups.

Our key priorities are to preserve sensitive habitats and protect threatened species, focusing on wildlife corridors, critical habitat and flora and fauna conservation.

Wallum in Brunswick Heads is one of the last examples of rare coastal heathland, home to 9 EPBC threatened species including:
Southern Glossy Black Cockatoo
Long-nosed Potoroo
Wallum Sedge Frog
Wallum Froglet
Pink Nodding Orchid
